

# Python and JavaScript Developer

## U.S. Citizenship Required

A fast-growing company in Reston, VA is looking to hire a senior web application developer.

The qualified candidate should have 5+ years of object-oriented application development experience with a focus on database-driven web applications built with Python and JavaScript. Candidates must demonstrate a thorough understanding of:

- Core computer sciences knowledge
- Relational database systems
- Object-oriented application design and development
- Test-driven development in an agile framework

The ideal candidate is not just a good developer, but a nimble code ninja: someone who thrives in an Agile Development environment that emphasizes quality code produced in short focused release cycles. This ideal candidate is energetic and enthusiastic about software development and about working in a Silicon Valley-like setting where small highly-effective teams create value for customers through the application of new technologies.

Minimum Technical Requirements include:

- Guru level proficiency in Python WSGI-style web application
- Highly competent in the setup and administration of LAMP services
- High proficiency in JavaScript and JavaScript frameworks
- Solid experience with continuous integration and testing frameworks

Additional consideration given to ninjas who are familiar with:

- Object-relational mapping tools (e.g. SQLAlchemy, Django ORM)
- PostgreSQL (administration, plpgsql, PostGIS)
- Software packaging and deployment experience (e.g. RPM, Egg)
- Inter-process communication or distributed computing
- Java (and other JVM langs – Jython, Groovy, etc.)
- Configuration management tools (puppet, cobbler)
- Browser extensions for Firefox or Chrome

## Benefits

Our environment is designed to attract and retain only the best, so our benefits include:

- The chance to work with the best engineers you can find
- Top-of-the-line computer with at least dual 22" monitors
- Your choice of operating system (MAC, LINUX, Windows)
- Tuition/educational assistance program
- Private or semi-private offices
- Weekly free lunches (or breakfasts)
- Special social events (like balloon festival tickets, summer picnic, and awesome winter holiday party)
- Casual dress and flexible schedule
- Free snacks, Starbucks coffee, and other beverages
- Bike or walk to work—locker rooms w/showers in the facility
- In-building Fitness Facility
- Garage parking
- Generous salary, vacation, sick leave
- Fully-paid employee health and dental plans (75% paid for dependents)
- Fully-paid employee life insurance
- 401k plan w/company match that vests immediately
